

Bowls Canada Boulingrin Para Bowls Working Group

**BOWLS CANADA
BOULINGRIN**

Bowls Canada is looking for 5-7 individuals to join our Para Bowls Working Group. Working collaboratively with the Blind Bowls Association of Canada, the mission of this group is to identify how to best include bowlers with disabilities under the umbrella of BCB. If you are passionate about inclusion and have experience with creating opportunities in para-bowls or any other para-sport, we hope you will consider joining our working group. Familiarity with communication technology is essential as this working group will connect virtually through conference calls, webinars, email and video conferencing.

If this sounds like an exciting opportunity to you, please complete the following information and forward to Anna Mees (amees@bowlscanada.com).
