 - iii. If all the above are still equal, then the player with the highest net total of shots over all games in the section (excluding tie-breaker ends) will be the winner;

Procedure for Applying Time Limits

23. Start of Play - an Official signal (bell, horn, etc.) shall be sounded to signal the scheduled starting time for the first game of each day. Each subsequent game on each rink will

start within 20 minutes after the previous game's completion on that rink. Any player arriving at the green more than twenty minutes after the official starting time shall cause that player to forfeit such game to the opposition.

24. End of Play - At the completion of the allocated time, the appointed official will signal the end time of play by a bell, horn, etc. At this time, players will complete the current end they are playing. (The start of an end is determined by the delivery of the jack by the first player in that end).
25. Time limits will be imposed during medal rounds.

Deliberate Delay of Play

26. Players are required to play without undue delay and in a manner which does not prevent their opponents from being able to complete the requisite number of ends within the prescribed time limit. If an appeal is made by a Skip, a Singles player or a coach that their team or player is being prevented from playing all their bowls within the time decided for the game, the Umpire will warn the offending team, in the presence of the Skip, that they are deliberately delaying play. Deliberate delay of play may include a player leaving the green multiple times, delaying the delivery of a player's bowl, or the Skip acting or issuing instructions designed to delay play.
27. If, in the opinion of the Umpire, as a result of their own observation or on appeal by one of the Skips or a Singles player, the team or player has committed the same offence again, further action may be taken in consultation with the Head Event Umpire (or designate), such as the following:
 - a. If a player is leaving the green more than once, on each occasion after the first, they can leave the green only with their opponent's and the Umpire's permission.
 - b. If a player is leaving the green to smoke, this will not be permitted for the remainder of the game.
 - c. The end in progress will be regarded as completed and the opponents of the offender will be awarded as many shots as there are bowls in use for the game (for example, in the case of Fours, this would be eight shots).
 - d. If, during the end which is in progress immediately before the end time of play is signalled or on completion of that end and before the start of any subsequent end, it has been determined that a team or player is being prevented from playing a further end due to the actions of their opponents, they will notify the teams that they must play one more end, even though the end time of play may have been signalled when such notification is given.
 - e. The offending team may be put on the stopwatch on completion of any end in progress. The offending team will be required to deliver all their bowls in each of the remaining ends within a time period specified by the Umpire. Timing will be undertaken by a technical official specifically allocated for that purpose.
 - f. The offending team may be put on the stopwatch from the start of their succeeding game.
28. Any stoppage of play due to time spent in discussion with the offending team or player in regards to the application of these conditions will be added to the time limit of the game.
